Professional Experience

Assistant Frontend Developer Instructor, Bootcamp

04/2023 – present | New York, United States

- Provided personalized guidance to aspiring frontend developers through one-on-one sessions, aiding them in preparing effective resumes and LinkedIn profiles to enhance their professional branding.
- Conducted individualized mock interviews, offering constructive feedback and tailored strategies to help students develop strong interview skills and boost their confidence.
- Collaborated with students in designing and executing frontend projects as part of the bootcamp curriculum, offering hands-on assistance and mentorship to ensure project success.
- Mentored students in refining their frontend coding skills, offering guidance on HTML, CSS, JavaScript, and popular frontend libraries/frameworks to foster their technical proficiency.
- Delivered comprehensive lessons on interview preparation techniques, including behavioral and technical aspects, resulting in increased student performance in real job interviews.
- Assisted students in preparing for market entry by offering insights into industry trends, resume optimization, and job market navigation, leading to improved placement rates.

Front-End Developer, Gaming Pro Market

03/2023 – 06/2023 | United States, Internship

- Worked as part of the team on projects; receive regular guidance.
- Worked closely with team members to create consistent, reusable, and maintainable code; designed new software systems or updates to existing systems.
- Coordinated and participated in implementation, testing, and support.
- Responsible for understanding how their work fits into the project objectives.
- Ensured each build functions correctly on mobile, tablet, and desktop devices.

Front-End Developer, Let's Rental Car

10/2022 – 03/2023 | United States, Internship

- Followed agile & scrum methods for the development of the product.
- Involving in building multiple UI components from design stage to production stage.
- Performed validation of completed sites including the debugging and testing of code.
- Designed a responsive website using Bootstrap grid system to layout contents that fit different devices including mobile, tablet and desktop.
- Cross-browser tested sites in Microsoft Edge, Safari, Firefox, Chrome and mobile browsers.
